Welcome Back Students!

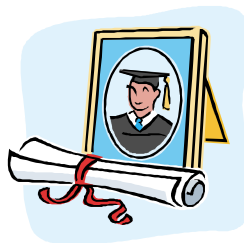

It's hard to believe that school has started again and I'm sure it's hard for parents to believe that their children are now seniors! Time flies by so fast, and I know that the senior class is looking forward to this year on "the hill"! As the senior counselor for the class of 2012, I am looking forward to working with each of you this year, and I cannot wait to see what the future holds! I am excited about the endless possibilities that await you as we continue to think about options after high school! Please don't hesitate to call or email me with any questions you may have this year, and I'll be happy to help in any way I can!

Thank You!

College Scholarship Database

I am currently updating our scholarship database, which contains scholarship information we receive at the school. It will list the months they are due, websites from which to download applications, and basic information about the scholarships. Hopefully, this will allow you to see scholarships available throughout the year, and you can plan accordingly as you apply to colleges. I will also list search engines that we are aware of from which you can search for other scholarships. **The database will certainly not contain every scholarship available but it should give you local and national scholarship information you are interested in.** The scholarship database is available on Tuscola's website at www.ths.haywood.k12.nc.us.
